

Tar & Asphalt Remover

Stripper / Remover

Description

Tar & Asphalt Remover is a ready-to-use solvent-based cleaner recommended for use on tools, vehicles, equipment, and many other surfaces to remove tar, asphalt, and adhesives. Tar & Asphalt Remover will emulsify oils and tars making them easily rinsed away.

Product Application

Use Tar & Asphalt Remover straight. Tar & Asphalt Remover may be applied by spray, poured, brushed, or by soaking. Use brush to agitate and then rinse. Prior to application, test a small spot to ensure compatibility especially on painted and plastic surfaces. Do not use on plastic surfaces unless solvent resistant.

Trying to decide which equipment is best? Solutions² is a vendor for a large variety of equipment manufacturers. Contact your sales rep or Solutions² support for additional makes/models of equipment for your application needs.

RECOMMENDED EQUIPMENT

Spray Bottle

Wall Sprayer

**When finished using equipment rinse out with water for longevity
